Are you in the mood to go on a scenic lake cruise or fishing? We can hook you up (literally!). Along with a complete line of tackle, bait, and accessories, our open-bowed aluminum boats are perfect for a two or three person fishing trip.

For the larger crowds or smaller children we recommend one of our flat decked pontoon party boats in several sizes, depending upon the number in your party.

All reservations require a 50% deposit. Boats will only be held for one hour past the designated pick up time.

We are located in the Stewart State Park Day Use Area.
